DATE: June 23, 1982  
SUBJECT: Request for SRM-1647  
FROM: Denis L. Foerst, Research Chemist  
Organic Analyses Section  
Physical and Chemical Methods Branch  
TO: John A. Winter, Chief  
Quality Assurance Branch

I would like to request 20 ampoules of SRM-1647 - Priority Pollutant Polynuclear Hydrocarbons in acetonitrile for use in recovery studies to be performed in future analyses concerning the Reilly Tar case.

The concentrates will be mailed to the individual laboratories. These labs will also be instructed to use our PNA QC check samples and will be given order forms to order PNA standards from the Radian Repository.
